Professional Profile

I’ve created faculty resources, developed visual identities for clients, and coordinated communications for online communities. Freelance work and education have taught me how to manage work independently, communicate clearly, and adapt as a project changes.

Freelance Experience

Freelance Designer, 3D Model Creator & Game Developer

August 2020 - Present

Brand identities, faculty materials, 3D models, and game projects. Explore the artwork, design decisions, and technical work behind each project.

Freelance Social Media Content Creator

October 2020 - Present

Short-form content, brand partnerships, product promotion, and community events. See the work and the audience response where it’s documented.
